

The Routledge Handbook of Propositions

Part I: Foundational Issues in the Theory of Propositions

1. Peter van Elswyk: The Linguistic Basis for Propositions
2. Mark Richard: Propositions, Posits, and States of Affairs
3. Ori Simchen: Instrumentalism about Structured Propositions

Part II: Historical Theories of Propositions

4. Dimitrios Dentsoras: Ancient Theories of Propositions
5. Susan C. Brower-Toland: Medieval Theories of Propositions: Ockham and the Later Medieval Debate
6. Lewis Powell: Lockean Propositions
7. Damian Melamedoff-Vosters: Kant, Propositions, and Non-fundamental Metaphysics
8. Sandra Lapointe: Bolzano's Theory of *Satz an sich*
9. Mark Textor: Frege on Thoughts
10. Dominic Alford-Duguid and Fatema Amijee: 'Russell on Propositions'

Part III: Contemporary Theories of Propositions

11. Nate Charlow, 'Propositions as (Flexible) Types of Possibilities'
12. Mark Jago, 'Truthmaker Accounts of Propositions'
13. Jeffrey C. King, 'Syntactically Structured Propositions'
14. Thomas Hodgson, 'Propositions as Interpreted Abstracta'
15. Peter Hanks, 'The View of Propositions as Types of Actions'
16. Scott Soames, 'Cognitive Propositions'
17. Jeff Speaks, 'Propositions as Cambridge Properties'
18. Cody Gilmore, 'Why 0-adic Relations have Truth Conditions'
19. Lorraine Juliano-Keller, 'Propositions Without Parts'
20. Ben Caplan, Chris Tillman, and Eileen S. Nutting, 'Hylomorphic Propositions'
21. Berit Brogaard, 'Temporal Propositions'
22. Stephen Schiffer, 'Pleonastic Propositions'

23. Neil Feit, 'Attitudes *De Se*'
24. Adam Russell Murray, 'Propositional Dependence and Perspectival Shift'
25. Friederike Moltmann, 'Attitudinal Objects'
26. Ray Buchanan and Alex Grzankowski, 'Propositions as Objects of the Attitudes'
27. Seyed N. Moussavian, 'The Varieties of Gappy Propositions'
28. Joshua Spencer, 'Plenitudinous Russellianism'
29. Chulmin Yoon, 'Semantic Relationism'
30. David Braun, 'Propositions and Questions'
31. Jesse Fitts, 'The Propositional Benacerraf Problem'
32. Richard Gaskin, 'Reference, Propositions, and the World'
33. Harry Deutsch, 'Propositions and Paradox'
